

## Build your business with Wagepoint payroll.

Grow your revenue with payroll software that's easy to use and recommend.

Wagepoint gives you everything you need to make payroll a breeze for you and your accounting/bookkeeping clients. (Really!) Check out these features:

### Happiness essentials

- Pay employees and contractors.
- Manage clients, roles and tasks from a convenient dashboard.
- Empower employees with a secure online portal to access pay stubs and tax forms.

### Easy compliance

- Automate payroll tax calculations, remittances and payments.
- Submit employer tax payments for WCB/ WSIB & EHT/ HSF.
- Calculate stat holidays.
- Submit ROEs to Service Canada.

### Calm(ish) year-ends

- Stress less (and have some fun) with our Year-End Survival KIT.
- Easily submit T4s, T4As and RL-1s to the CRA.
- Simplify year-end prep with the T4/T4A/RL-1 Data Export.

### Automate & integrate

- Integrate your payroll with cloud accounting software and time tracking solutions.
- Bill clients directly or indirectly.

### Keep payroll secure

- Enable 2FA to keep private information safe.
- Delegate account admins and roles.
- 2048-bit encryption using TLS 1.2.

### Plus more!

- Guidance and payroll deadline notifications.
- Online certification program and education opportunities.

We play well with others! Wagepoint [integrates](#) with these accounting systems (aka friends).

# The perks of partnering with Wagepoint!
